The Vicenza International Courses are well renewed scientific events held in the city of Andrea Palladio. Starting in 1982, international Vicenza courses have been held regularly featuring an outstanding faculty and gathering participants from numerous countries. The themes of Critical Care Nephrology, Hemodialysis and Peritoneal Dialysis have been discussed with leading to the most comprehensive review in the specific areas of practice and research. The 2017 edition of the course is dedicated to Critical Care Nephrology. A series of lectures and panel discussions will be delivered during the three days of the course. Our task is to put together specialists from different disciplines in a single scientific event with a multidisciplinary approach to the critically ill patient with acute kidney injury and multiple organ dysfunction. The scientific quality of the course and its multidisciplinary nature are guaranteed by the reputation of the faculty and the endorsement of several scientific societies. We really hope that a large number of delegates will join this important event which is becoming a classic appointment for the experts and the physicians who want to receive updated information in the field of Critical Care Nephrology. Companies and Members from the industry of the field are invited to join the event reserving booth and spaces in the exhibition area.

Dr. Prof. Claudio Ronco

GENERAL INFO

LANGUAGE The official language is English. No simultaneous translation will be offered.

VENUE The course will be held at the Fiera Convention Center, Via dell'Oreficeria, 36100 Vicenza (Italy), on June 13 - 16, 2017.

INDUSTRY EXHIBITION The Course will host an Industry Exhibition including the latest technology, equipment, pharmaceutical products and literature. To discuss sponsorship opportunities and rates, please contact the Course Secretariat. The exhibition will be open all day long during the congress.

ECM The course will be accredited by the Italian Ministry of Health (ECM) through the Continuous Medical Education program. To obtain the ECM credits the Italian attendance must participate in all of the Scientific Sessions.

UEMS/EACCME ACCREDITATION An application will be made to the EACCME® for CME accreditation of this event.
