BOOKLET

COURSE PRESENTATION

The Vicenza Course on AKI-CRRT and EBPT is a classic event in the field of Critical Care Nephrology now reaching the 44th edition. This course is well known to allow beginners and experts to meet and exchange information both during formal presentations but also through informal networking and personal conversations. The course represents a recapitulation of the recent advances in the world literature in the area of Acute Kidney Injury (AKI), extracorporeal therapies including CRRT and ECOS and ultimately a mix of basic principles and new experimental findings. In AKI, world renown experts will discuss the epidemiology, risk factors, pathophysiology, progression to AKD and CKD, recovery pathways, mechanism of injury, prevention and diagnosis through biomarkers. Mitigation and actionable prevention strategies in different settings such as cardiac surgery, intensive care unit, cardiology and nephrology will also be matter of discussion. In the area of Continuous Renal Replacement Therapies (CRRT) the qualified international faculty will present indications, timing modalities, prescription and delivery, monitoring and quality control, different techniques and clinical results. Special emphasis will be given to management of AKI, Sepsis, Fluid overload and AKI in particular conditions such as oncology, cardiology and cardiac surgery, trauma and sepsis, septic shock. New membranes, machines and sorbents will offer the opportunity to discuss Extracorporeal Organ Support by different techniques enabling management of patients with AKI, sepsis, acute liver failure, acute decompensated heart failure and respiratory failure. Together with new devices, new drugs and recent pharmacological trials in the field will be included in the main program.

A series of lectures and panel discussions will be delivered during the days of the course. The program will be integrated by special industry sponsored symposia, meet the expert sessions and quick Cappuccino-like short presentations. A special point-of-care ultrasound course will be available during the conference for beginners and advanced users. Our scope is to put together specialists from different disciplines in a single scientific event with a multidisciplinary approach to the critically ill patient with acute kidney injury and multiple organ dysfunction.

For many years the Vicenza Course has been a cornerstone in education and science in the field of critical care nephrology trying to make significant steps forward in the care of patient. The faculty is outstanding and the audience is a melting pot of international attendees. The official language is English. Companies and Members from the industry of the field are invited to join the event reserving booth and spaces in the exhibition area, as well as organizing educational symposia.

The course is open to physicians and nurses in the fields of Nephrology, Critical Care Medicine, Cardiology, Cardiac Surgery, Infectious Diseases, Oncology, Clinical Chemistry and Laboratory Medicine. It is a unique possibility to explore multiple disciplines and to meet experts and colleagues involved in the care of critically ill patients.

SCIENTIFIC COMMITTEE

Scientific Coordinator

PROF. CLAUDIO RONCO, MD - Italy

Senior Lecturer - Università di Padova
Scientific Director, Foundation IRRIV - International Renal Research Institute Vicenza
San Bortolo Hospital, Vicenza

Scientific Members

Prof. **BAGSHAW SEAN**, University of Alberta - Canada

Eng. **CLARK WILLIAM**, MD, Purdue University - USA

Prof. **GOLDSTEIN STUART L.**, MD, Cincinnati Children's Hospital Medical Center - USA

Prof. **GOMEZ HERNANDO**, University of Pittsburgh - USA

Prof. **KASHANI KIANOUSH** MD, MSc, FASN, FCCP, Mayo Clinic College of Medicine - USA

Prof. Dr. **MEHTA RAVINDRA L.**, PROFESSOR EMERITUS, MD, FACP, FRCP,
University of California San Diego - USA

Prof. **OSTERMANN MARLIES**, PhD, MD, EDIC, FRCP, King's College London - UK

Prof. **REIS THIAGO**, MD, University of São Paulo Medical School - Brazil

Prof. **ROSNER MITCHELL**, University of Virginia - USA

Prof. **TOLWANI ASHITA**, MD, University of Alabama at Birmingham - USA

Prof. **FORNI LUI**, MBBS BSc (Hons) MRCPI PhD AFICM JFICMI, University of Surrey - UK

ENDORSEMENTS

SCIENTIFIC PROGRAM PARTNERS

GENERAL INFO

MEDTECH Accreditation

The event EMT-26-09034-44th Vicenza Course from 16/06/2026 to 18/06/2026 in Vicenza, Italy, is compliant with the MedTech Europe Code of Ethical Business Practice.

ECM - Educazione Continua in Medicina

The course is accredited by the Italian Ministry of Health (ECM) through Continuous Medical Education program (Provider n. 1257 - Event 1257 - 482210 Ed.1- **5,4 ECM credits**). To obtain the ECM credits the Italian attendant must participate in all of the Scientific Sessions.

VERY IMPORTANT

IN ORDER TO OBTAIN ECM CREDITS (ITALIAN ONLY) IT IS NECESSARY TO PASS THROUGH THE SCAN CONTROL AT THE ENTRANCE OF ROOM TIZIANO A, ROOM TIZIANO B AND ROOM GIOTTO.

IF YOUR PRESENCE IS NOT DETECTED DURING EVERY SINGLE DAY AND IN EVERY ROOM, THE CREDITS WILL NOT BE ASSIGNED
