

7.30 Badge handover for registered attendee and on-site registration
Poster hanging in the dedicated area
Slide delivery in the main room

8.15 Scientific session: Technology evolution in dialysis

Chairs: *R. Balogun – P. V. Bui*

8.15 Evolution of dialysis membranes – *C. Ronco*
8.35 Dialyzer classification around the world – *M. Abe*
8.55 Evolution of Sorbents – *T. Reis*
9.15 Evolution of dialysis equipment - *A. Lorenzin*
9.35 Discussion

9.45 Coffee break with exhibit and poster visit

10.15 Scientific session: From Technology to Techniques

Chairs: *C. Ronco – K. Kalantar Zadeh*

10.15 Targeting high middle molecules with special dialysis techniques - *C. Ronco*
10.30 Expanded hemodialysis – *P. Sequera*
10.50 On-line Hemodiafiltration – *B. Canaud*
11.10 Hemoadsorption-Hemodialysis – *G. Ramirez Guerrero*
11.30 MONitoring Dialysis Outcomes Initiative: An International Collaboration Platform Enabling Kidney Disease Research - *S. Chaudhuri*
11.50 Discussion

12.00 Industry sponsored activity

12.30 Industry sponsored activity

13.00 Lunch

14.00 RRI-ISBP Session: Data-Driven Innovation in Nephrology: From Real-World Evidence to AI-Enabled Care. Bridging biology, tx prescription, and outcomes

Chairs: *A. Davenport - L. Usvyat*

14.00 Real-World Evidence to Inform Kidney Care – *L. Ficociello*
14.15 AI and Predictive Modeling in Dialysis Care – *L. Neri*
14.30 Mathematical and Physiologic Modeling in Clinical Practice – *D. Fuertinger*
14.45 Artificial Intelligence aided Precision Dialysis – *L. Chan*
15.00 Designing Data-Driven Care Delivery Models – *S. Chaudhuri*
15.15 Application of Generative AI in kidney disease – *L. Neri*

15.30 Coffee break with exhibit & poster visit

16.00 Controversy: Does a golden standard in hemodialysis exist?

Chair: *G. Strippoli*

16.00 Yes: one size can fit all – *F. Maduell*
16.10 No: we need treatment personalization – *Y. Battaglia*
16.20 Rebuttals and moderator conclusions – *G. Strippoli*

16.30 Controversy: Are we ready for AI implementation in clinical dialysis?

Chair: *K.S. Nayak*

16.30 Yes: AI is a clinical decision partner – *L. Usvyat*
16.40 No: we still face limitations, bias, implementation barriers - *L. Di Lullo*
16.50 Rebuttals and moderator conclusions - *K.S. Nayak*

17.00 Oral Presentations

17.30 Industry sponsored activity

18.15 Opening ceremony

18.15 Welcome address, best abstract award – *C. Ronco*
18.30 ISBP Presidential address – *ISBP President - Pham Van Bui*
19.00 **Special lecture: Should AI Ever Override Clinical Judgment in Dialysis Care?** – *K. Kashani*

19.30 Welcome reception
